NOONTIME LECTURE SERIES - IN CHICAGO
Cartooning in the Time of Trump
Thursday, October 5
12:15pm-1:15pm

Guest Speaker: Scott Stantis, Editorial Cartoonist
Location: Weiboldt Hall, 339 E. Chicago Ave., Chicago

Scott Stantis joined the staff of the Chicago Tribune in 2009 and is known to have a "keen eye for the hilarious and has no fear when taking a stand on a controversial issue. Whether skewering warring politicians, bemoaning hapless sports teams, or throwing darts at the absurdities of pop culture." Come listen to him speak on where the 24/7 news cycle and the age of Trump has taken editorial cartoons.

This event is FREE for all OLLI members but space is limited and registration is required.

Scott's editorial cartoons are syndicated to over 400 newspapers around the world. His current comic strip, Prickly City, was launched in 2004 and appears in over 120 newspapers.

ATTENTION ALL MEMBERS
One Book One Northwestern
Events Starting in September

Each year, Northwestern hosts a community-wide reading program aimed at engaging the campus in a common...
conversation. The book is carefully selected and thought-provoking. Events, lectures, films and discussion groups are held throughout the year (many open to the public, all open to OLLI members with a Wildcard) to provide an opportunity to talk about the issues presented in the chosen book.

This year's book is *Our Declaration: A Reading of the Declaration of Independence in Defense of Equality* by Danielle Allen. It combines "a personal account of teaching the Declaration with a vivid evocation of the colonial world between 1774 and 1777" and is "already regarded as a seminal work that reinterprets the promise of American democracy through our founding text."

### Kafé Kellogg - Chicago Campus

Looking for a quick bite to eat on the Chicago campus? Kafé Kellogg in Wieboldt Hall is now open with more convenient hours. Serving coffee, snacks, pizza, artisan sandwiches and more. [Click here for hours and information.](#)

### Science Cafe at Northwestern

We are living in an age of profound discovery - the people alive today are the first to know, with certainty, that there are planets orbiting other stars. This realization immediately engenders another earnest question: is there life elsewhere in the Cosmos? Shane Larson, Research Associate Professor and Associate director of CIERA will explore some of the dramatic implications of the greatest question known to our species: are we alone in the Cosmos? **Wednesday, September 20, 6:30-8pm at Firehouse Grill in Evanston.** No rsvp required. [Click here to learn more.](#)
Northwestern Public Events

See what is going on at Northwestern this month and next. Concerts, lectures, athletic events - there is always something going on. View September Events.

Evanston: Construction on Sheridan Rd & Chicago Ave:
Sheridan Road and Chicago Avenue construction continues through the fall. With students back on campus there is more pedestrian and bike traffic. We urge you to use caution in the construction areas. We will do our best to keep this section updated but remind you to check both the City of Evanston and Northwestern websites for the most up-to-date information.

Click here for map and information on the project.
